FRESH PICKED

Olive Leaf Australia is a new breed of international health company. We're not located in an inner-city office block but in the peace and quiet of an Australian olive grove. Our back-to-nature philosophy, and rigorous scientific testing, guarantees the freshness and effectiveness of our extracts.

Olive leaves have been used widely in the traditional remedies of many nations. Our Children's Formula has a yummy Mixed Berry flavour and is a natural, multi-use supplement to keep your children bouncing through life. It has been traditionally used to help relieve fevers and contains a range of natural yet powerful cell-protecting antioxidants. It also helps to maintain a health cardiovascular system and assists in the maintenance of normal heart function.

The liquid in this bottle has been made directly from fresh-picked olive leaves.
